

Directions to the CPB/MCB Concentration Office:

From the Science Center, take a left off Kirkland St. onto the Cabot Way footpath/Frisbee Pl. As you approach the Fairchild courtyard, you will see some bike racks and a big window with a spiral staircase on your left (see the picture below). This is where the concentration office is located.

Please note: the entrance to the concentration office is across the courtyard from the entrance to Fairchild. Print out these directions or use the [Google Maps Coordinates available here](#) on your cellphone, as the office can be difficult to find.
