Human Evolutionary Biology

2017-2018

Name:	Date:

Please submit this form to Drs. Carole Hooven or Bridget Alex before Course Registration Deadline, *Thursday, September 7.*

Prospective thesis title:

Primary research question or hypothesis:

MBB Track: yes / no

Academic Integrity: The standards of the Harvard College Honor Code apply to all work associated with the Senior Honors Thesis.

The Harvard College Honor Code

Members of the Harvard College community commit themselves to producing academic work of integrity – that is, work that adheres to the scholarly and intellectual standards of accurate attribution of sources, appropriate collection and use of data, and transparent acknowledgement of the contribution of others to their ideas, discoveries, interpretations, and conclusions. Cheating on exams or problem sets, plagiarizing or misrepresenting the ideas or language of someone else as one's own, falsifying data, or any other instance of academic dishonesty violates the standards of our community, as well as the standards of the wider world of learning and affairs.

"I affirm my awareness of the standards of the Harvard College Honor Code."
